Subject: FW: November 1st BMP Workshop Registration

Hello Everyone,

This invites your participation in EPA's upcoming *Voluntary School and Child Care Lead Testing and Reduction Best Management Practices Workshop (BMP) and Roundtable* coming up on November 1st. A description of the workshop and a registration link for the event are below.

Purpose: The *Voluntary School and Child Care Lead Testing and Reduction Grant Program* had tested more than 9,000 schools and childcare facilities across the country since 2019. This workshop seeks to bring the oversight agencies (states, territories, and tribal consortia) participating in the grant program together and share the programs' successful stories, challenges, as well as best management practices (BMPs). The **outcomes** of the workshop are as follows:

Outcomes:

- Supports the [EPA's FY 2022-2026 Strategic Plan](#) where implementation under the awards made under this announcement will support Goal 5: Ensure Clean and Safe Water for All Communities. Objective 5.1: Ensure Safe Drinking Water and Reliable Water Infrastructure.
- Aligns with the [Biden-Harris Lead Pipe and Paint Action Plan](#) and reduces children's exposure to lead in drinking water via the development of regular lead testing and remediation programs.
- Connect, encourage, and provide insightful concepts to states/territories who are struggling to move forward with the program and provide BMP information to assist with current and/or future planning and implementation.
- Share BMPs ideas to move forward and implement successful Lead Testing and Reduction in School and Childcare programs.

Target Audience: States, territories, & tribal agencies currently overseeing the grant program

Date: November 1st, 2022, 12:30 – 2:00pm

Method of Delivery: Online via Zoom.gov

Registration link: <https://us06web.zoom.us/meeting/register/tZlpcOCopzMvG9XEoxUmTKwoICvLNgdNPHpo>

Agenda

Part 1) Program Updates and May Workshop Recap – (12:30 – 1:00 pm)

Part 2) Round Table Discussions – (1:00 – 1:55 pm)
